Director

# Who is giving care?

- ✓ In Illinois, over 200,000 children are being raised in grandparent-headed homes.
- ✓ They are from all walks of life and all cultural and economic groups.
- ✓ Grandparent caregivers range in age from 30 to 90.
- ✓ Most have cared for the children 5 years or longer and are raising 1-2 children.
- ✓ The grandparents' average income is between \$15,000 and \$25,000.
- ✓ The majority of grandparents are single women.

# You are **not** alone...

Many grandparents are overwhelmed with the situations they face.

*Grace's dreams of retirement were shattered when she took her three young grandchildren into her home. Now, at age 60, she is raising a second family – with the limited financial resources of a retired person.*

*Dorothy and Jim are faced with raising an active five-year-old. Dorothy is worried because her grandson is showing signs of having problems in school, and she and Jim are experiencing health problems.*

## It's important to

# Why is it happening?

Reasons children come to live with relatives are often heartbreaking and tragic. They include:

- ✓ Drug / alcohol abuse by the parent(s)
- ✓ Neglect, abuse or abandonment
- ✓ Death of a parent
- ✓ HIV / AIDS
- ✓ Divorce
- ✓ Unemployment / poverty
- ✓ Parental incarceration
- ✓ Teen pregnancy
- ✓ Welfare reform

# Ask for help

# Help is available!

The Illinois Department on Aging, in partnership with 13 Area Agencies on Aging, can provide information and assistance to help you locate these and other services:
